Industry-leading Event

Make your plans now to join Hexagon 2012, our annual international conference, June 4-7 at the MGM Grand in Las Vegas. Don't miss the process, power, and marine industries' leading users conference, with more attendees than any other event of its kind.

You'll experience:

- Technology previews
- Compelling customer testimonials
- Interactive, hands-on training, technical demonstrations, and workshops
- One-on-one guidance from industry experts
- Insightful and visionary keynote presentations
- Dynamic panel discussions
- And much more!

Value-packed Agenda

Intergraph PP&M will offer an array of great sessions led by experts in the design, construction, and operation of plants, ships, and offshore facilities.

Find out how you can leverage Intergraph solutions to meet your real-world challenges. You'll learn useful tips and helpful information that you can bring back to the office to use right away.

Certificate programs are available at no additional cost. Simply attend the requisite program sessions in areas such as project execution; owner operators; procurement, fabrication, and construction; the power generation industry; and Intergraph Analysis Solutions.

Industry-focused Networking

Take advantage of unmatched networking opportunities at Hexagon 2012. You can participate in discussions with peers who experience similar workflows in their own business. You will be enriched by your interactions with fellow conference attendees, session speakers, Intergraph experts, and leading authorities in the field, all in one place.

For even more networking value, previous conferences have featured industry-focused luncheons for:

- Power
- Marine
- Owner Operators

TechExpo

One of the focal points of the conference, the Hexagon 2012 TechExpo will offer a one-stop-shop to see Hexagon's featured products, solutions, and sponsor exhibits while networking with peers. With an average of more than 50 exhibiting sponsors and non-competing exhibit hours, you will have ample opportunity to discover exciting new innovations and learn about our partners without missing break-out sessions.
